Trinity Real Estate Solutions Makes Inc. 5000 List of America's Fastest-Growing Private Companies for the Third Time

DALLAS, Texas (August 16, 2017) – This week, *Inc.* magazine ranked Trinity Real Estate Solutions as one of the fastest-growing private companies in the nation on its 36th annual Inc. 5000 List. Trinity creates efficiencies, minimizes risk and simplifies processes for banks, lenders, builders and financial institutions by providing a comprehensive suite of loan administration products, draw inspections, appraisal services, and specialty inspections. *Inc.* 5000's prestigious list represents a unique look at the most successful companies within America's most dynamic segment—independent small businesses.

"As a three-time winner of this prestigious award, we are honored to be a part of this extraordinary grouping again," said Brad Meyer, Trinity's President and CEO. "Every day, our goal is to serve our customers beyond their expectations, and this growth is a result of our incredible clients' successes as well as the hard work and dedication of the entire Trinity team."

The 2017 Inc. 5000 is an extraordinary assemblage of businesses garnering national attention. Companies on this list grew, on average, six fold since 2013, and of the tens of thousands of companies that applied to the Inc. 5000 over the years, a fraction make the list more than once. Indeed, one in five companies qualifies for the list three times. Trinity's representation on the list three times places the company in rare company.
